An engraved glass number.

The glass is ground and chamfered at the edges. The glass plate is attached to the illuminated system profile made of brushed stainless steel with placed LED diodes. The number is clearly visible both during the day and at night. It fits perfectly in modern rooms. Adding a second layer of black glass + 15% to the base price. When installing, remember to connect it to a power source. Mounted on a double-sided adhesive tape from **3M**. We encourage you to buy key rings from the same series.

The steel profile can be mounted on the top or bottom of the engraved glass plate.

The leds can be of any color:

Shining - warm white, cold white, blue, red, green, yellow.

Sizes: 15cm x 15cm

Minimum order from 20 pcs.
